Description: The Gender Rd. Phase 5 project will provide improvements to Gender Rd. from Canal St. to Winchester Blvd. The major items of work are:

- New traffic signal at the Canal St. intersection.
- New Street Lighting from Canal St. to Winchester Blvd.
- Relocate the existing bike lanes adjacent to the north bound Gender Rd. traffic lanes away from the roadway for improved safety.
- Add a northbound right turn lane from Gender Rd. to Bigerton Bend.
- Add a northbound right turn lane from Gender Rd. to Winchester Blvd.

Traffic and Access Impacts:

Access for emergency services will always be maintained.

Traffic in all directions on Gender Rd., Winchester Blvd., Canal St. and Bigerton Bend will be maintained. During the course of the work, various temporary lane restrictions will be established.

The bike lanes will be closed during a significant portion of the construction.

Care should be taken when driving in the vicinity of the construction.

Schedule: The program is anticipated to begin in April and to be complete in October.
