**RESOLUTION NO. 23-038**

**A RESOLUTION IN SUPPORT OF STORMWATER AWARENESS WEEK**

WHEREAS, urban stormwater runoff is the threat to water quality in the Walnut Creek watershed in Canal Winchester; and,

WHEREAS, population growth, residential and commercial development, and the resulting changes to the landscape will only increase stormwater quality and quantity concerns throughout Ohio; and,

WHEREAS, these impacts cannot be entirely avoided or eliminated but can be minimized; and,

WHEREAS, it is currently recognized that control of stormwater quantity and quality is most effectively implemented when people and organizations understand the related causes and consequences of polluted stormwater runoff and flooding, and the actions they can take to control these, and,

WHEREAS, the need arises not only from the regulatory requirements of EPA General Construction and Municipal Stormwater rules, but also from the recognition that citizens and local decision makers will benefit from a greater awareness of how the cumulative impacts of decisions at home, at work, and through local policies impact our water quality, stream corridors, and flooding; and,

WHEREAS, the development and implementation of effective, outcomes-based stormwater education and outreach programs will meet the related federal stormwater pollution control requirements and those of the communities they serve so that Ohio continues to be a great place to live, work, and play.

NOW THEREFORE BE IT RESOLVED BY THE COUNCIL OF THE CITY OF CANAL WINCHESTER, STATE OF OHIO:

Section 1. That the City of Canal Winchester joins Soil and Water Conservation Districts and Communities across Ohio in recognizing the week of October 1 – 7, 2023 as Stormwater Awareness Week.

Section 2. That this resolution shall take effect and be in force from and after the earliest period allowed by law.
